

National Alliance BULLETIN

POST OFFICE BOX 4 • MOUNTAIN CITY • TN 37683 • USA • NATALL.COM

June 2022

Everything beyond the asphalt entrance in the foreground and to the left of the hardtop road on the right, and back to the white house at the center, that we purchased in March, is in the prime parcel discussed below. A couple more wooded acres that adjoin the Alliance's property are to the left, out of the picture. Note the prized spring-fed, stocked fish pond.

Further Expansion of Our Tennessee Community Property

As this issue of the National Alliance **BULLETIN** goes to press, our Tennessee Cosmotheist community is in the process of purchasing a very nice parcel of land in addition to the purchases already mentioned here in prior months. This new property is adjacent to the National Alliance's 50 acres — and constitutes yet another outstanding expansion of our holdings.

Details of this and other improve-

ments to our property will follow in the July issue of our **BULLETIN**.

Housekeeping Notice

Our National Office currently has two business bank accounts for checking; one for the National Alliance from which we conduct the Alliance's business: paying for utilities, staff salaries, taxes and fees, printing, office supplies, vehicle and tool maintenance, construction costs, etc. — and for depositing members' and financial supporters' pledges and additional donations. The

other account, at a separate bank, is for Cosmotheist Books and is used for deposits from the sale of books, CDs, etc., and for disbursements associated with publishing, purchasing inventory, etc.

We are a business and must run our organization like every other, paying taxes, paying for services, and more. Our National Office Business Manager, Lana Williams, who handles most of our day-to-day financial duties — in addition to keeping her husband, the Chairman, out of federal prison — requests again that checks and money orders for books, CDs, etc., purchased from our book store be made payable *only* to Cosmotheist Books, the Cosmotheist Church, or the Cosmotheist Community — anything with the word “Cosmotheist” in it, but *not* to the National Alliance, National Vanguard Books, *National Vanguard*, *American Dissident Voices*, or to individual Alliance members or officers.

And any checks or money orders for dues, etc., intended for the Alliance should be made payable *only* to the National Alliance.

Occasionally members still erroneously *combine* dues payments with a book purchase in *one* check or money order made out to just one entity. When a member or supporter does that, Lana will have to deposit the full amount to whichever account the check or money order is made payable, and then she will have to write checks from that account to the other to balance our books. This is frustrating, so please make separate payments to the Alliance and the Cosmotheist Church, rather than combining them into one payment.

“What I know”

National Alliance member Douglas Pickett arrived last year from New York to live and work at our Tennessee National Office. He had volunteered initially to work for a couple of months, but has since come to love Alliance-building and our growing community and has now decided to stay on permanently. He is 12th-generation European-American, descended from early pioneer stock. What Douglas knows, in his words, is that:

The National Alliance represents normalcy, security and sanity in a world gone mad. Just like the National Alliance, I know that in order for civilization to survive, we must strive for the preservation of the White race. Building a Whiter, brighter world is the most noble cause in life. In the recent past I realized that our debt is to the next generation of Whites. We are obligated to instill in them pride in our race, dignity, ethics, and a new positive direction. For me, Cosmotheism is the religion of today, tomorrow, and forever, capable of curing the spiritual sickness that is present in the racial soul of our people. Long live William L. Pierce! — *Doug Pickett, Tennessee*

Doug is a dedicated, hard worker who puts in long hours, needing little supervision. No television or social media for Doug; He is constantly reading our books and material to fill his spare time. Mature, sober, with a positive attitude, and great skill as a cook — the sort of serious Alliance member we’ve been needing on staff.

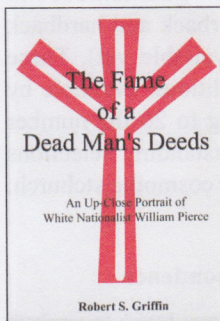

With the addition of another excellent worker — long-time Alliance member Ray Wolbert — to our staff last month, we now have a team of four self-starters who help Chairman Williams and Lana, our Business Manager, make things happen and get things done! Two other members are moving here to the

Ray (left) and Doug placing a support beam for NA's book warehouse's front entrance; co-worker Perry supervises.

community during July and will lend needed hands when required.

Cosmotheist Books

We nearly sold out our inventory of the only authorized biography of National Alliance founder Dr. William Pierce, authored by Dr. Robert Griffin, *The Fame of a*

Dead Man's Deeds. We had to purchase another entire case of this important title to receive a decent bulk discount rate from the publisher. Thankfully, an Alliance member has stepped up to pay the cost of the case, plus shipping. The excellent 434-page book will now be sold to the general public through our online book store for \$28. For everyone receiving this issue of the **BULLETIN**, however, during the month of July *only* you may purchase *Fame* for only \$18

plus the usual \$3 for postage and handling, a total of \$21 postpaid. This book will make a very nice gift or recruiting tool. Every serious member should have a copy in his or her personal library,

Inflation and the resulting diminished buying power of the dollar, and the slowdown of an economic recession, have negatively impacted much more than just the cost of fuel, food, and construction materials. They have also had an effect on the cost of purchasing, publishing, and selling books — so it is likely that Cosmotheist Books will soon have to increase prices, just as other booksellers and associated industries are doing.

Six new titles are being added to our bookstore this month, in addition to the restocking of several that have sold out.

A limited number of *Hitler's Blitzkrieg* by Léon Degrelle (volume one) have been added; a 90-minute DVD, narrated by *Waffen SS* leader Degrelle with English language voiceover, giving his uncensored personal accounts and insights into the Third Reich and world leaders as he takes you along on Hitler's *Blitzkrieg* warfare, vividly describing the tumultuous events of the war's early years. Ride along with Degrelle as the fast-moving German armies storm across Poland in a brand new kind of battle.

Also added is a very rare, fascinating 80-page booklet, *Why Civilizations Collapse* by attorney Drew L. Smith, with introduction by Dr. E.R. Fields; this is the 2009 second edition of a work first published in 1965, in like new condition, but with rust on staples. Smith asserted in the 1960s: "[T]here are differences

between the races that if amalgamated would drag the US into the wake of civilizations which have perished. My thesis is that America should remain a predominantly White country as was founded by White men as an extension of European civilization. Presently America is being overwhelmed by the cult of liberalism which is at the root of America's turmoil and decline."

Also added: *The History of Alexander* (Penguin Classics) by Quintus Curtius Rufus; John Yardley tells of Alexander (356-323 BC), "who led the Macedonian army to victory in Egypt, Syria, Persia and India, who was perhaps the most successful conqueror the world has ever known. Yet, although no other individual has attracted so much speculation across the centuries, Alexander himself remains an enigma. Curtius' *History* offers a great deal of information unobtainable from other sources of the time. A compelling narrative of a turbulent era, the work recounts events on a heroic scale, detailing court intrigue, stirring speeches and brutal battle — among them, those of Macedonia's great war with Persia, which was to culminate in Alexander's final triumph over King Darius and the defeat of an ancient and mighty empire. It also provides by far the most plausible and haunting portrait of Alexander we possess: a brilliantly realized image of a man ruined by constant good fortune in his youth."

Arthur Shopenhauer's *Essays and Aphorisms* (Penguin Classics) gives us the great thinker's thoughts on religion, ethics, politics, women, suicide, books, and much more from Adolf Hitler's favorite philosopher.

Bede's *Ecclesiastical History of the English People* (Penguin Classics) has been described as follows: "Written in AD 731, Bede's *Ecclesiastical History of the English People* is the first account of Anglo-Saxon England ever written, and remains our single most valuable source for this period. It begins with Julius Caesar's invasion in the first century BC and goes on to tell of the kings and bishops, monks and nuns who helped to develop government and convert the people to Christianity during these crucial formative years...." It is essential reading for those interested in Anglo-Saxon history.

We have ordered copies of Dr. Thomas Dalton's latest book, *Classic Essays on the Jewish Question: 1850 to 1945*, in both paperback and hardback (no cover art is available yet). These brand new 2022 editions, available by mid-July, will bring to 20 the number of Dr. Dalton's outstanding selections being offered at our cosmotheistchurch.org bookstore.

Correspondence

Dear National Alliance: I wish to purchase another 100 copies of *The Saga of White Will*. A check is enclosed for \$254 that will cover the cost and shipping via Priority Mail. Since you are working on such a thin margin, another check for \$100 is also enclosed. Thank you. Very truly yours, — R.B., Arizona

Chairman Williams responds: Thank you so much, R.B., for your activism and for the example you set. I note that with this order you have purchased 400 copies of our comic book! Best of luck distributing them.

Chairman Williams: Great job expanding the

Alliance property for future use. I enjoy correspondence in the **BULLETIN** — “Sacrifice” and “My Decision” by J.S. shows him to be a very good White man! It never ceases to amaze me how Dr. Pierce could analyze and foresee 40 and 50 years ago how the United States would destroy itself socially, politically, and demographically. He predicted accurately how the overall situation would end in collapse. Best wishes, — S.R., *Virginia*

Lottery Winner!

To National Alliance: Three months ago, I won the lottery, but no money. Instead, I won something infinitely greater: the truth and a purpose. Years prior to this, I was lost. I didn’t know what I wanted to do with my life because I was unsure whether the path I’d take would lead me to prosperity or peril. So, when I was not slaving away at my minority-dominated, four-language, hard-labor factory job to save up for trade school, I would spend most of my free time on dissident Web sites searching for those who might know what is really going on in the world. Why are we being forced to take an experimental vaccine? Why won’t our governments do anything about the evils being committed against Whites? Why are they encouraging them? Does anyone know?

When my company mandated the recent vaccines, I protested by abandoning my job that week. This turned out to be the best decision I’ve ever made. While unemployed, I’d have more than enough free time to accelerate my search for the truth. I had found that the best places to look for truth were Web sites where censorship was weakest. At the end of February, I was on a book-buying spree and decided that it was high time to finally read *Mein Kampf*. I suspected that the translations common at the local library and on Amazon were either abridged, poorly translated, or both due to a strong anti-Hitler bias. So, I ran a simple DuckDuckGo search for ‘Which is the best translation of *Mein Kampf*?’ That’s when I discovered nationalvanguard.org — and that turned out to be the exact moment I won the Lottery of Truth. I was in a sustained state of wrath as my brain rewired itself for the entire month of March. I self-quarantined and binged on *National Vanguard* articles and *American Dissident Voices* radio broadcasts. The truth was that almost everything I’d previously been taught were filthy, viperous, evil lies meant to keep me enslaved to a powerful race of biological parasitoids in human

form. Like in a Lovecraftian horror story, all hope seemed dead. But all was not lost. Hope still lived and was growing like the morning twilight. I then knew what must be done to protect my race and secure its future to the end of time. I must ascend the upward path, which Dr. William Luther Pierce had scouted decades ago, and guide as many of my people as possible onto it. This is my Purpose.

An excerpt from page 138 of *Cosmotheism: Religion of the Future* by Dr. William Pierce epitomizes this revelation: “I had judged others by myself. I had expected the people who received my magazine to read it and then to exclaim, ‘Ah! Here is truth. Here is righteousness. Here is wisdom. Here is beauty. The man who has dared to publish this has real courage. He has identified the enemy. He has suggested that we fight the enemy and he has offered us a creed to serve as a basis for our fight and for building a new society. Wonderful! I’ll do everything I can to help him and to join him in any way that I can.’”

The time was not quite yet ripe for Dr. Pierce when he wrote that. Today is very different. I look around my home town and I see the fruit raring to be plucked off the vine; they’re so ripe. Very ripe! Perhaps a thousand NA flyers about the June 8th, 1967 Israeli Attack on the *USS Liberty* will be more than sufficient. Before I make my way to the Mountain, I will endeavor to come with a cornucopia of harvest. This will be a good year. — P.C., *Oklahoma*

A little over a week later, on 10 June, P.C. wrote again.

At last, I have found the National Alliance. After a dozen years on the Internet, I finally chanced upon a Dr. Pierce video on Bitchute. It’s clear to me that Jews really don’t want anyone to know about the National Alliance. So, after I obtained Alliance membership, I distributed one thousand *Day of Infamy* flyers, neatly packaged, throughout my neighborhood. It felt so good to spread the truth that I had to distribute *another* thousand throughout the town. Every White in my midwestern town will have at least read the front of our flyers by the time I leave.

Chairman Williams responds: How can we not love this young man’s newfound love of truth after realizing he’d been lied to all his life by nearly

everyone: teachers, preachers, media — even his own family, if unwittingly? P.C. equates finding purpose in his life to winning the lottery and expresses his conversion poetically. I recall having a similar life-changing revelation, reinforced especially after meeting, then working for, Dr. Pierce and living my life for his cause 30 years ago. I'd advised P.C. that since he would be pamphleteering alone (not a good idea) that maybe he should not be so ambitious, and maybe print and distribute just 500 fliers rather than 1,000. Instead he tells us that he distributed 2,000, and by himself! P.C. is another recent young Alliance member who has indicated that he wishes to visit our Tennessee Cosmotheist Community. If he likes what he sees and shows he is a sober and serious team player, we will welcome him and encourage him to relocate and join with us. I know P.C. is smart because his writing reflects that; and he tells me that he wanted to become a mathematician.

Chairman Williams, Please find enclosed our monthly contribution of \$500 plus an additional \$200 donation. I really appreciate everything you and the National Alliance staff are doing for our race and for the community that we can be proud of. It was great seeing the progress on the new property and the house in last month's **BULLETIN**. My son and I are looking forward to coming out to help with any work that needs to be done. Our flight arrives in Charlotte on June 20th and we'll drive up the next day. While there I want to look at nearby or adjacent properties that might be for sale to add to our growing National Alliance community. If you are aware of any, please let me know. As always, thank you for everything you do for our race. Best wishes, — *J.H., California*

Chairman Williams responds: I thank you and your son, J.H., not only for your generous monthly donation, but

Californian father and son Alliance members, with Lana Williams (center)

for the sacrifice you made journeying here to visit and work with our staff for five full days. You both are excellent workers. Since I put the appeal in our March **BULLETIN** for members to come here and volunteer their skills and labor to help, you, another member from California, and two workers from Arizona have since made the trip. Other members have expressed their intentions to come help this summer or fall. Your request to view adjacent properties was timely, and the indication that you may relocate your family here most welcome. I have been negotiating with a neighbor to purchase adjacent land and will report any favorable progress made to expand Alliance property in future **BULLETIN**s. I'm glad you were favorably impressed with the properties shown to you while y'all were here, and I look forward to your planned return.

Dear Will, ...on another note, I know the timing is bad, but I have suffered a rather serious financial setback. Accordingly, I need to bring my dues back down to \$25/month. \$50 is enclosed for two months. I hope this is enough for you to keep sending the Alliance's excellent monthly **BULLETIN**. Again, I'm so sorry about this. Sincerely, — *D.B., Texas*

Chairman Williams responds: D.B. doesn't explain his financial setback and has no need to. We hope his fortunes are soon reversed. I have a feeling that the inflated prices of everything across the board may have something to do with it. All but the very well-off are affected, and the very well-off have insulated themselves from the crises our race faces; they don't feel the need to join with us — not yet, anyway. D.B. is the third member this year who has reduced his monthly pledge from \$100 per month down to \$25. We understand, are pleased to still have their reduced support, and hope economic conditions will change for all of our members. Expenses for our Alliance's community-building are increasing each month, but revenue coming in is not keeping up, especially with decreased sales of books, thanks to the dirty tricks of powerful traditional enemies who want us dead. The best solution to this financial dilemma is to greatly increase the Alliance's number of dues-paying members, and the best recruiters for that are our present members. One plan we have is to sell little-used West Virginia Alliance property — the proceeds from which will finance building the state-of-the-art William Luther Pierce Memorial Library and Research Center on our Tennessee campus. Consider this, too: The recruiting of *just a couple* of racially responsible kinsmen who appreciate what we are building will be of great benefit. I recruited Herbert Horton at a Council of Conservative Citizens meeting back in the mid-1990s. He started pledging \$50 per month initially, doubled that to \$100, then upped it to \$250, and eventually to \$2,000 per month. He also donated his

new Chevy Blazer to Dr. Pierce, who for years had been driving an old Opel Cadet that Hans Schmidt had given him since it could no longer pass his state's emission standards. What a difference that one member made to Alliance-building! We will keep building, and others like Mr. Horton will eventually come.

In Memoriam

Long-time trusted National Alliance member, Virginian George R. Wright, died 28 June, 2022 at just 54 years of age. He was a trusted friend of Chairman Williams and his wife Lana.

During the dark days of 2015, George contributed more to the continued existence of our Alliance than has anyone since. At that time it looked doubtful to many that Chairman Williams would be able to bring the organization back from the brink, having lost all our Local Units and 98% of the membership we had at the time of our founder's 2002 death. The widespread loss of faith in the National Alliance resulted in reports of its death by rival "movement" groups, Jewish hate groups, and the controlled media. With ongoing lawsuits and coup attempts, and with considerable debt that had to be paid with very little income from the few remaining members (and none from National Vanguard Books and Resistance Records), it was George Wright who had faith in what William Pierce had built, knowing it must be resurrected and rebuilt. He stepped up to save the day with a selfless contribution, made anonymously, except to Chairman Williams, in whom he had confidence that the gift would be used wisely. No person besides Lana Williams has ever been

made aware of George's philanthropy until now, and the substantial amount George donated will remain a secret to honor his request. His unselfish act shows the difference that one person can make between renewal and death.

George, whose career was in the building trades, volunteered his time and labor on several trips to the National Office in West Virginia during the 1990s, helping Fred Streed to build that campus's infrastructure. He also visited the National Alliance's new National Office in Tennessee.

George Wright

Commentary by Chairman William White Williams

Demand Exists for Banned Materials

When new member M.S. of Mississippi was asked on his application for Alliance membership, "How did you hear about the National Alliance?" he responded as follows: "It started during my military training when told what not to read. So, naturally, I read it anyway."

Our best-selling book by far has always been Dr. Pierce's 1978 novel *The Turner Diaries* — which was one that M.S. had, no doubt, been told to not read.

Inquisitive people naturally want to read what they are forbidden to read, to see what all the fuss is about.

The FBI once announced that if there was any one book that they would like to ban, it would be *The Turner Diaries*. Even the FBI hadn't the power to ban a book — but semi-monopoly online retailer Amazon did have that power, and banned it just a couple of days after the Jew-owned *New York Times* falsely reported on 7 January that *The Turner Diaries* had inspired the so-called 6

January, 2020 "insurrection" at the Capitol building in Washington.

The Jews are determined to destroy our organization, and the banning of our books, and the near-absolute termination of our people's ability to even *find* our material online, is one very effective way to disrupt our revenue stream. However, for every measure Jews use against us, we find a countermeasure. Advertising our Web sites and books in periodicals and on others' sites will help to get around the censors.

Members, please do what you can to spread much-needed knowledge about the National Alliance to our people. The good news in these challenging times, despite widespread blacklisting and demonization of our organization, is that we have been steadily attracting a number of outstanding young members in their 20s and 30s who will carry on the Alliance's work in the uncertain years to come. **W. W. W.**
